MEMORANDUM FOR: Chief, Information Services Group

ATTENTION :  IP/EIB

SUBJECT : Declassification Request

REFERENCES : A. ISG-73/53, dated 27 November 1973  
B. Memorandum for All FE Staffs and  
Branches, 20 August 1971

1. Virtually the entire content of Reference B is unclassified commentary on types of ADP equipment. With the deletion of small portions which identify the names of DDO personnel and the location of offices, Reference B could be released as desired by the Associate General Counsel.

2. Our recommendation is that the portions encircled in red ink on the attached copy of Reference B be cut out, and the document released in that form. Please note that Reference B refers in turn to CSN 5-160. If that CSN is to be released also, that reference need not be circled in red; but if the CSN is not to be released, that portion also would have to be deleted. If this is acceptable to you, we will arrange the editing and declassification of the document.

5. In the interests of being as forthcoming as possible, we have not suggested deleting the identification

of FE (EA) Division or FE/DTA. If possible we would appreciate assurance that IBM will not be permitted to publicly use the future unclassified memorandum to demonstrate that EA Division endorses its products.

He has examined all documents pulled during April 1972 search. Not certain whether he has all stored documents. Will check for this. He feels that most, if not all, could be declassified. In a few cases some deletions, e.g., names of employees, might be necessary. Would prefer to supply Xerox copies since this makes deletions easier. Will call me to get together when he has talked to Hermann, and has examined all responsive DDO documents.

11/29/73 all but ~~specimens~~ on attachment ~~to~~  
C. to train memo of 4/14/72 will be  
declassified. Enc. of them (Xerox pp. 3)  
is DDO's responsibility about DDO  
will ask them for declassification.

11/30/73 OK original listings given to Jim  
McDonald for sterilizing. Jim says  
we can stipulate amount spent of FBI,  
names of companies and amount spent  
with each.
